Beloved Friends of L/L Research,

This month marks the 50th anniversary of L/L Research. It was in November, 1968 that Don moved in with Carla and they completed their first work together. In the first 15 or so years of L/L Research's life, Don provided nearly all of its funding out of his pocket. It was always Don's desire to be able to make all of the information produced at L/L Research available world-wide for free. Not even Don and Carla nor their prophetic first book could have predicted that what we now know as the internet would make it possible for people all over the world to download any book or channeling session for free. Over the years our world-wide L/L family has also grown beyond Don's wildest dreams. And all of you folks who comprise our L/L family have been so very generous in your donations that have helped us to keep producing information to share with the population of this lovely planet Earth, our Mother Gaia. So once again this fall season we ask you if you might consider making a donation in any amount that is comfortable to you to keep this work going. Here are just some of the services your donations supported this year:
